DATE AND SIGNATURES

The City of Vantaa guarantees that, after suspension of early childhood education lasting for at least two months, the child can return to his/her previous daycare center and, if possible, to his/her previous family daycare place.

If this agreement is amended (for instance, sudden change in the need for early childhood education) and the child requires a place before ending of suspension, the place suspending becomes void and 4-month or 2-week fixed times are applied to the application procedure.
