With these instructions, you can enroll your child in pre-primary education through the VaSa service (based on CGI Vesa).

VaSa works best with the following browsers:

- Chrome
- Firefox
- Safari
- Edge

VaSa cannot be used with the Internet Explorer browser. VaSa service also has a mobile application. The application can be found in application stores under the name CGI Vesa.

Technical support for using the VaSa service:

varhaiskasvatuksen.vasapalvelu@vantaa.fi

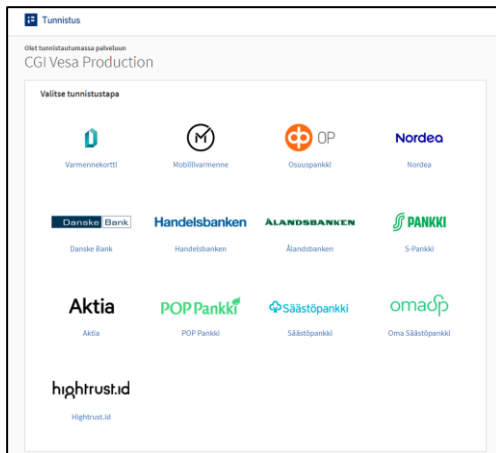

You can log in to VaSa Service at cgivesa.fi. Select 'Go to Vesa'.

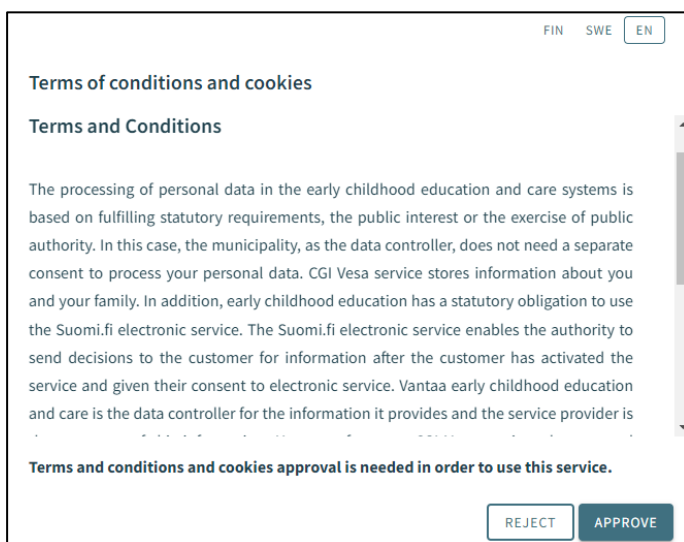

When you log in for the first time, you must choose the municipality; in other words, choose “Vantaa” as the municipality. When you have made this initial choice, it will remain in the browser’s or mobile app’s history. Click the “Suomi.fi” button to begin your login.

Two screenshots of the CGI Vesa login process. The first screenshot shows the 'Select municipality' screen. It has a header with 'Suomi Svenska English' and a red title 'Select municipality'. Below the title, it says 'You are logging into CGI Vesa. Please select a municipality whose ECEC service you wish to log in.' There is a text input field labeled 'Select municipality' and a blue 'SELECT' button. The second screenshot shows the 'Log in' screen. It has the same header and a red title 'Log in'. Below the title, it says 'Finnish citizens and the citizens of other EU Member States can use Suomi.fi e-identification to log in to early childhood education and care services.' There is a blue 'SUOMI.FI' button. A blue arrow points from the first screenshot to the second.

At the top, there is a label "Municipality" followed by a dropdown menu showing "Vantaan kaupunki" with a downward arrow. Below this, the text "The application is made for" is followed by a radio button selection. The selected option is "Mona von Forsellestes". Below this, the text "Application type" is followed by three radio button options: "Early childhood education and care", "Pre-primary education" (which is selected), and "Club". At the bottom of the form, there are two buttons: "CANCEL" and "CREATE".
