

An aerial photograph of a city, likely Helsinki, showing a dense urban core with numerous skyscrapers and a mix of residential and commercial buildings. The city is surrounded by vast green forests and parks. In the foreground, a large green field and a red running track are visible. The sky is overcast with soft, grey clouds.

Rastatt tunneli

Jede Tunnelröhre wird in geschlossener Bauweise mithilfe einer Tunnelvortriebsmaschine (TVM) gebaut. Mit einem um die Tunnelachse rotierenden Schneidrad wird dabei das Gestein gelöst. Die TVM ist ein wahrer Koloss: rund 90 Meter Länge und 1.750 Tonnen Gewicht.
