Vantaa's private educational institutions for which you can apply in joint application

- Careeria: careeria.fi
- Mercuria: mercuria.fi
- TTS Työteho: tts.fi
- Vantaan seudun steinerkoulu, upper secondary school: vantaansteinerkoulu.fi

APPLICATION PERIODS AND INSTRUCTIONS FOR EDUCATION BEGINNING IN FALL 2025

- Application period: **February 18 – March 18, 2025, by 15:00.**
- Apply online at: opintopolku.fi.
- You can choose 7 alternatives.
- Enter your wishes in the order of priority in such a way that your first choice is on the top of the form. Apply primarily for upper secondary school or vocational education.
- Check whether the educational institution arranges an entrance test.
- You will receive the results of the application on **June 12, 2025, at the earliest.**
- You will be admitted to the highest educational institution of your choice for which your average grade or points suffice. Your lowest choices will be automatically canceled. You can, however, stay on the reserve list for your higher choices.
- Accept your study place **at the latest on June 26, 2025.**
- More detailed information on the application is available on: vantaa.fi/en/joint-application and opintopolku.fi.

JOINT APPLICATION ON FEBRUARY 18 - MARCH 18, 2025

In joint application, you can apply for a study place at a upper secondary school, vocational institution, the new TUVÄ education (preparatory education for programs leading to an upper secondary qualification), and TELMA training (preparatory training for work and independent life), as well as adult education colleges' study programs aimed at those of compulsory education.

In joint application, you cannot apply for upper secondary education institutions if you have completed a vocational qualification, upper secondary school curriculum, or academic degree after basic education.

BENEFITS OF STUDYING IN VANTAA:

- Join one, reap the benefits of many! When you study at one of Vantaa's upper secondary schools or Vantaa Vocational College Varia, you can also take courses at Vantaa's other upper secondary schools as well as Varia.
- We cooperate closely with higher education institutions.
- We offer high-quality instruction and versatile study options.
- Vantaa Vocational College Varia works closely with employers, and those who have graduated from Varia have been successful in finding employment.
- The atmosphere in our educational institutions is motivating and encouraging.
- The transport connections are good: it is easy to access our educational institutions by public transport.

WELCOME TO STUDY AT VANTAA UPPER SECONDARY SCHOOLS AND VANTAA VOCATIONAL COLLEGE VARIA!

Vantaa

VANTAA UPPER SECONDARY SCHOOLS

1 LUMO UPPER SECONDARY SCHOOL

Lumo upper secondary school is easy-to-access: it is situated right beside Korso railway station. The upper secondary school focuses on creative studies and offers extensive options to study the visual arts, photography and video art, music, dance, and theater. It also has a wide selection of languages. Naturally, you can also study natural sciences and deepen your understanding by means of multi-disciplinary, applied studies at our upper secondary school. Welcome to the upper secondary school of many possibilities!

📍 **Urpiaisentie 14**

2 MARTINLAAKSO UPPER SECONDARY SCHOOL

Martinlaakso upper secondary school is a high-quality and cozy upper secondary school, situated near Martinlaakso railway station, along good transport connections. In addition to versatile general studies, our upper secondary school offers the national LUMA (mathematics, science and technology, STEM) study program. Moreover, our upper secondary school has long focused on drama and theater instruction. All students at our upper secondary school can choose LUMA and drama studies. Our upper secondary school is famous for its cozy and warm atmosphere.

📍 **Martinlaaksontie 36**

3 SOTUNKI UPPER SECONDARY SCHOOL

Our upper secondary school is situated right next to the sports park and offers splendid sports facilities. You can apply for general studies or for sports-focused studies. Athletes of all sports are welcome to sports coaching. We also emphasize internationality, and our distance-learning upper secondary school offers a flexible selection of courses. Relaxedness, encouraging team spirit, and individualism are the foundation stones of our upper secondary school.

📍 **Sotungintie 19**

4 TIKKURILA UPPER SECONDARY SCHOOL

You are welcome to Tikkurila upper secondary school as you are. The big upper secondary school has lots of students, events, and possibilities. Here you can assume responsibility for building our cozy and active community. Of our many study options, you can choose a package that meets your objects of interest, or focus on, for instance, physical exercise, music, mathematics and technology, communication, or cinematography. You can also choose the English-language IB studies. Our upper secondary school is situated along good transport connections.

📍 **Valkoisenlähteentie 53**

5 VASKIVUORI UPPER SECONDARY SCHOOL

Our upper secondary school is situated in the heart of West Vantaa, along excellent transport connections. In a big upper secondary school, you have versatile study options. Here you can study at a general upper secondary school, a music upper secondary school, a dance upper secondary school, or take media studies. In addition, we offer sports coaching to competing athletes. Welcome to the singing, playing, dancing, mathematical, physical, international, encouraging, and motivating Vaskivuori upper secondary school!

📍 **Virtatie 4**

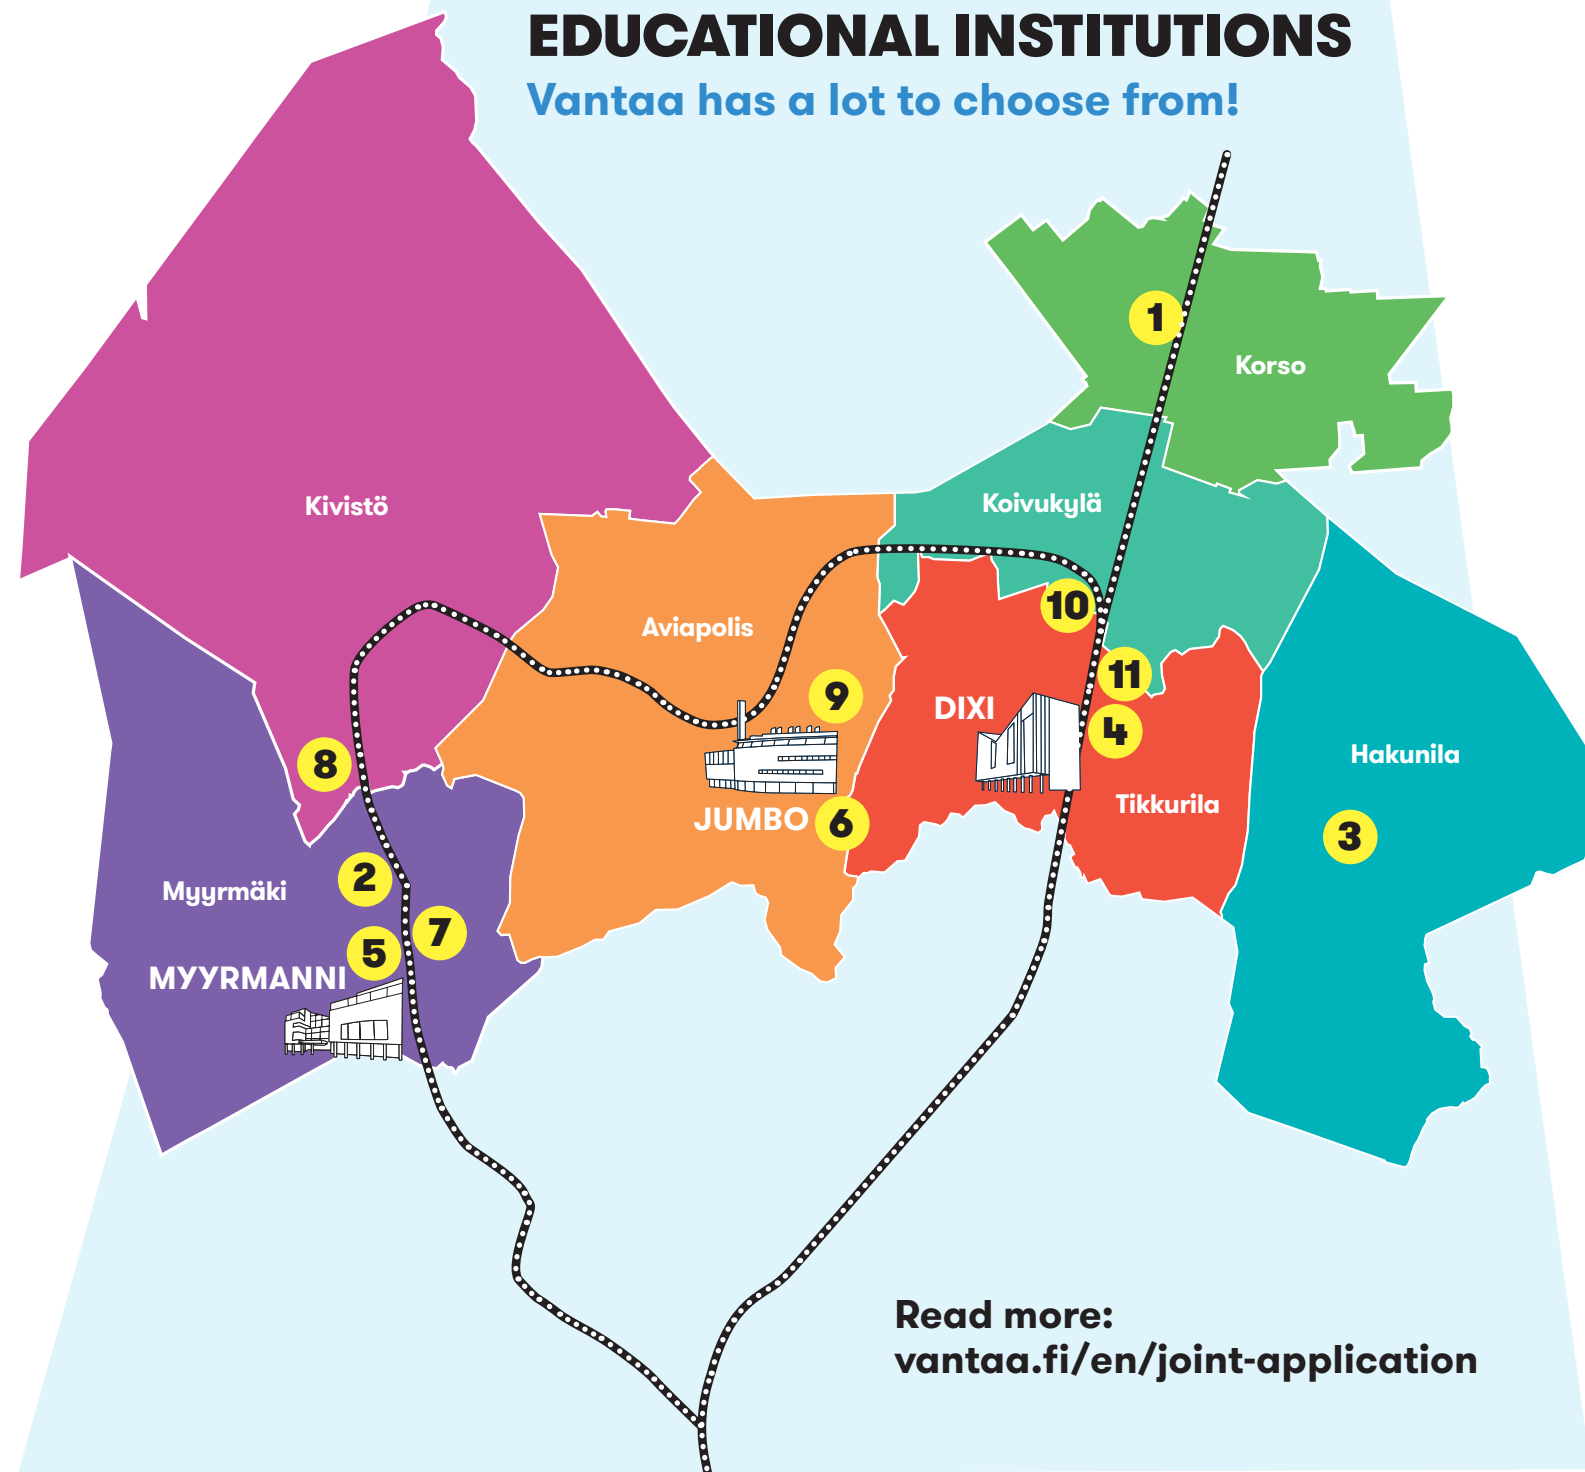

6 HELSINGE GYMNASIUM

Helsinge gymnasium är ett svenskspråkigt gymnasium i Vanda, där du som individ är i fokus. I Helsinge studerar ca 150 studerande som handleds av ca 20 lärare. Vi vill vara ett litet gymnasium där vi har mer tid för individuell handledning för de studerande som önskar det. Hos oss kan du fördjupa dig i företagsamhet eller globalkunskap.

VANTAA VOCATIONAL COLLEGE VARIA

Welcome to study for a vocation! Varia offers 17 vocational degrees, of which you can choose the one most suitable for you. Our campuses are situated along good transport connections, along the railway. We have cozy and modern premises, as well as an open and relaxed atmosphere. We also arrange an international IB program that you can study in the welfare technology field of study. Check out below the vocations you can study on our campuses.

Changes in Varia's campuses in 2025-2027

The new Vehkala campus is scheduled to be completed in the fall of 2025. At the same time, there will be changes in the study locations. In some of the fields of study, the place of study will change in the course of 2025-2027. The campus where studies begin in August 2025 is marked with a letter after the field of study. After the transfer, studying will continue in the campus under which the field of study has been entered.

A = Aviapolis
H = Hiekkaharju
K = Koivukylä
M = Myyrmäki
Ku = Kuninkaantammi substitute premises

See up-to-date information on the transfer schedules:
vantaa.fi/toimipistemuutokset

7 MYYRMÄKI CAMPUS

Myyrmäki campus will be shut down during the 2025-2026 school year. At Myyrmäki's Open House event, you can familiarize yourself with the fields of study that will be transferred to other campuses.

TUVA EDUCATION (preparatory education for programs leading to an upper secondary qualification)

TUVA education aims to attain such learning skills with which the student performs education leading to an upper secondary education degree. During TUVa education, you can raise your basic education grades, perform upper secondary school and vocational education studies. When applying for education, you do not yet have to know whether you want to continue in upper secondary school education or in vocational education. Several upper secondary schools in Vantaa, as well as Varia, arrange TUVa education.
